Arena Fonte Nova – Salvador

Until 2007, Salvador was the home of the Estádio Fonte Nova that had been erected in 1951 but was demolished and has been re-erected in recent years. The Arena Fonte Nova of today is a modern stadium with a roof made of light metal; it can accommodate 56,000 people.

Estádio Nacional – Brasília

Brasília's Estádio Nacional is the second largest stadium in Brazil. It was erected on the site of the former Mané Garrincha stadium that had been built in 1974 and almost completely demolished in 2010. Sustainability was an important factor in the rebuilding process, and the new stadium is now easily accessible with public transport. The roof is extendable and ensures that events can take place at any time and independent of the weather.
